Overtime Compensation Request Bot

User Manual

What is This Bot?

The **Overtime Compensation Request Bot** is a Slack application that streamlines how employees request compensation for extra work they've done outside normal working day or hours. Instead of filling out forms, sending emails, and waiting for responses, everything happens directly in Slack with automatic notifications and approvals.

Who Should Use This Bot?

Employees

Submit requests for compensation when you've worked extra hours, weekends, or public holidays.

Supervisors

Review and approve/reject compensation requests from your team members.

HR Team

Final approval for Cash requests, with automatic record-keeping.

Types of Compensation Available

Type	Description	Who Can Request	Approval Needed
Leave	Extra Compensatory Leave days added to your Calamari balance	All regions except AU/NZ	Supervisor only
Cash	Monetary payment for extra work	All regions except AU/NZ	Supervisor + HR
Time In Lieu	Extra Time in Lieu hours added to your Calamari balance	AU/NZ only	Supervisor only

---

Frequently Asked Questions

Q: How do I know if my request was received?

A: You'll immediately see a confirmation message in Slack after submitting. If you don't see it, try submitting again.

Q: How long does approval take?

A: This depends on your supervisor and HR team. Notifications are sent instantly, but approval timing depends on their availability.

Q: Can I cancel a request after submitting?

A: Contact your supervisor directly to withdraw a pending request.

Q: Why don't I see "Time In Lieu" as an option?

A: Time In Lieu is only available for employees in Australia (AU) or New Zealand (NZ). The system detects your region automatically from Calamari.

Q: Where can I see my approved leave balance?

A: Check your Calamari account - approved Compensatory Leave and Time In Lieu hours are added there automatically.

Q: What if my supervisor is unavailable?

A: Contact HR to arrange an alternative approver for urgent requests.

Q: What happens if HR rejects my Cash Request after supervisor approval?

A: You'll be notified that the request was rejected at the HR stage, and HR will contact you to follow up on why Cash Claims are not allowed.

Getting Help

If you experience issues with the bot:

1. Check that you're using the correct command: /comp-leave

2. Contact the local HR team and Issue a MIS Ticket on Slack if needed
